

Equation For Variable notes

$$\begin{array}{r|l} 5m + 7 = 3m + 2t & \\ -3m & -3m \\ \hline 2m + 7 = 2t & \\ \leftarrow & -7 \\ \hline 2m = 2t - 7 & \\ \cancel{2} & \cancel{2} \\ m = 2t - 7 & \\ & 2 \end{array}$$

$$\frac{l}{\pi r^2} = \frac{\pi r^2}{\pi r^2}$$
$$\frac{2}{\pi r^2} = n$$
