

ECLIPSE ENQUIRER

Team News

In today's folder you should find a conference confirmation form. Please let us know as soon as possible if the scheduled time will not work for you. If you have not yet scheduled your conference, please call Mrs. Williams at 339-4369 and she will schedule a conference for you.

If you have concerns, but do not have a conference scheduled, you can reach the whole team during our plan from 1:30-2:00 at 339-4300 or you can always e-mail us individually.

On the back of this newsletter you will find a list of items and their prices that are sold at our school store on Tuesdays and Thursdays before school in the Commons.

Reading Plus

Mrs. Hill

Monday will be the last meeting for this Literature Circle. We will begin the research unit this week. Students will be choosing an event that changed history! The research will include a bibliography, writing/paraphrasing, and multi-genre projects. This is a difficult, but rewarding unit allowing students freedom to explore and question.

Language Arts

Mrs. Williams

This week we will continue to discuss figurative language and other various literary elements from the novel Stargirl. Daily homework will consist of reading the assigned chapters and completing the corresponding novel guide sheet.

Math

Ms. Mainz

This week students will work on finding area and circumference of circles. We will do a project toward the end of the week that will use the concepts we have learned in the Geometry unit. The test over this material is **Wednesday the 8th**.

Important dates

Feb. 1- Early release

Feb 2 - Ks Ch 5 Test

Feb. 3 – Blackout

Feb. 8 – Math Test

February 15 & 16 – Parent-Teacher Conferences

February 24 – Science News due

Student Staff

List of school store supplies and their price.

Social Studies

Mr. McFarland

This week in Kansas History we will finish the material contained in Chapter 5 of our textbook. Our test over this material has been moved to Thursday, February 2. Make sure you review your Ch. 5 Study sheet and your Slide Guides.

Science

Mrs. Walters

Physics is a hard subject. That is why you should be studying more and practicing at home. Using EO time for questions is also important. For *most* people the attention they pay in class and the time they study is what determines how well they do. The SIMPLE MACHINES test was not as well scored as we all would like. Retakes please in the next week. Science News 2/24. Dissecting fish sure was fun!

Study Hall Tuesday: Mrs. Williams' room
